Hi Steve, sounds like a good plan. Let me know if you need more checks, etc. Mike

Mike,

I spoke with a property owner ([Citizen Name/Ex. 6]) who I believe owns the [Personal Address/Ex. 6] - if that's the claim the includes a small portion of the toe of the GK waste rock dump extending to the south west from there across the North Fork Cement Ck.

He is cooperative, wants us to mitigate the situation, and offered verbal access to continue the work. He is interested in a survey to confirm the exact location of his corners, which apparently had been staked. (We will likely accommodate that request unless you advise otherwise.)

Thank you for your assistance !

Steve

**Subject:** Gold King Ownership Information

Hi Steve/Mike,

Here is the ownership information adjacent to the Gold King Mine. I was unsure of the radius of interest. I will work on the "red oval" illustrated in the word document that Steve sent to Mike, next.

Yellow claims are owned by Todd Hennis.

Blue – American Eagle MS, owned by Citizen Name/Ex. 6 We have a signed assess form from him for 2014 sampling work.

Red – Bastile MS, has several owners, none have been contacted.

Please let me know what question I should be trying to answer, AKA, how large of an area should I be looking at ownership for. I can identify all claims that intersect the North Fork of Cement Creek and Cement Creek. Also, please let me know how else I can help.

Thanks,

Liz
